Holiday Requests • Introducing Jennifer
Program Expansion • Website + Social Media Updates

Holiday Requests

As we prepare for Thanksgiving and Christmas, we are finding that many of our friends are not looking forward to the holidays due to complicated relationships with family or the grief of lost loved ones. In response, we do the only thing we know to do - offer friendship.

The week of Christmas, we are delivering Christmas baskets of sweet treats, a calendar, and a few other items. These baskets cost about \$10/person. If you would like to sponsor a basket, donate items, or help us deliver the gifts, please reach out by December 1st.

In addition to the Christmas baskets, we are also looking for people to sponsor experiences - an outing for a manicure, a sporting event, or a day trip. Just let us know if you're interested in gifting an experience!

Blessings to you and your family as you prepare for this season of thanks and celebration!

Meet Jennifer

Jennifer Schultz joined our team at the beginning of September as our Care Coordinator. She serves our program participants by providing reassurance and connection to community resources to improve quality of life. Jennifer came to St. Alexis Outreach Ministries from the State of Tennessee where she began her career as an Interpretative Park Ranger in 2006. After leaving the State Parks, she spent several years working with the TN Department of Children Services and the TN Department of Education before serving with TN Adult Protective Services (APS) for seven years. She began serving the Elderly and Vulnerable Adult population in 2011 and immediately felt that she had found her calling. Jennifer came to St. Alexis Outreach Ministries with a desire to continue working with older adult while also having the resources and support needed to provide ongoing services to those who need long-term support. Jennifer holds a Bachelor of Science in Health and Human Performance with a concentration in Public Health and Programming from the University of Tennessee at Chattanooga. When Jennifer is not at work, you can find her with her husband and two children camping, hiking or canoeing around the Southeast TN area.

Program Expansion

We recently expanded our Hospitality at Home service area to include all of Hamilton County. As a result, we expect a heightened number of referrals including those from rural communities. Please help us spread the word so that we can also expand our volunteer base!

Follow Us!

Please take a moment to check-out our website, which is full of new updates. We also need your help spreading the word about the ministry, so please "like" and "follow" us on Facebook and Instagram.
